We are wrapping up summer and welcoming the fall season. The fall season at The Gardens means several changes you'll start to see:

1. **Leaves are turning on the trees:** Look outside to see God's colorful splendor unfold.
2. **It's the start of the new school year for all our students. A huge THANK YOU to all of our students that were here to help us over the summer.** We truly appreciate all their time and dedication while they worked with us. Best wishes for a great school year, and we look forward to them returning to help out as their schedules allow.
3. **Our new management team, Koru Health, will be spending time in our building learning about us and planning for a smooth transition to their management services.** If you missed the resident meeting, the letter explaining this transition is included here in the Gazette.

Despite seasons of change, some things remain the same: **The Gardens continues to be a Christian community with Christian owners and management.** That will not change, and neither will your day-to-day experience at The Gardens.

Reach out to us with any questions, we continue to be here for you!

**Kristy Wilson, RN | Community Director**
