HOME WITH HEART

**Dear Friends and Family of Spero Gardens~,**

We took your feedback from our recent Townhall Meeting regarding the sodium content in some of our menu options. It is a challenge to please a dining room of 50 + resident and our kitchen has done a great job providing delicious food to everyone here. We are in the process with reviewing the menu and making a few changes but keeping the meals the same. We have added some educational tools on your daily tickets to help select the best meal for yourself. Please take a peek at your menu tickets in the upcoming future as we have added some icons to show heart healthy option or higher sodium items. Hopefully this helps. If there are any topics you would like to see discussed at next Townhall Meeting please let us know.

Also we have quite a few new caregivers added to our team please give them a warm welcome to our Gardens family 😊

**Kristy Wilson, RN | Executive Director**

**Wishing you a blessed and holy Easter!**
